

Instructions for Use of VPN f5 Remote Access System

1. To use your VPN f5 Remote Access System, open **Internet Explorer** and go to this URL:
<https://connect2.rha-rrs.ca>.
2. Click “VPN Logon with RSA token”

3. Enter your PIN and click the green check if you have the **RSA toolbar**.

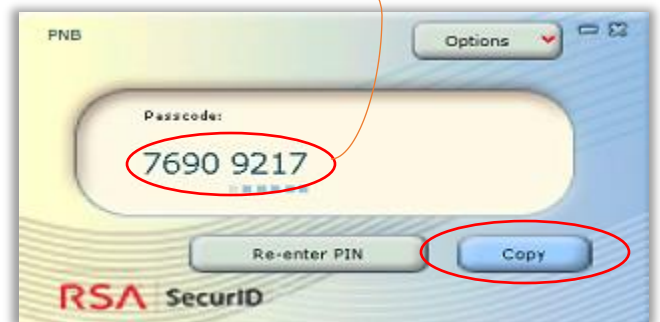

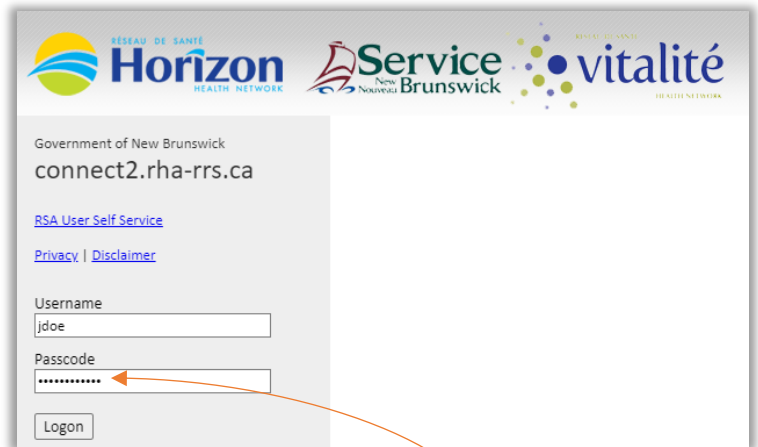

Or if you have the **RSA app** enter your PIN and click the right arrow or press enter

4. Enter your Username, followed by the passcode you obtained from entering your PIN in the **RSA toolbar** and clicking the green check.

Or if you have the **RSA app** enter your Username, followed by the passcode you obtained from entering your PIN in the RSA app and clicking the right arrow or enter. You can also use the copy option and paste the passcode.

5. Click on Logon. The f5 Remote Access System will open automatically. Accept any security prompts while VPN opens

Please contact the **SNB IT Provincial Service Desk** at **1-844-354-4357** or Service@SNB.ca with any questions or if you experience any technical difficulties.
